The center also features a charming and well-configured collection of buildings with a beautiful village plaza at its core.

ODOT has begun right-of-way acquisitions and is expected to award a design-build contract in September 2021

The City of Bend plans to widen US Highway 20 southbound from Cooley Road to Empire Avenue to accommodate expected growth as a part of their 2040 Transportation Plan.

ABOUT THE AREA: OREGON'S HIGH DESERT

AMERICA'S BEST PERFORMING SMALL CITY | *Milken Institute, 2017-2020*

Bend is the county seat of Deschutes County and the seventh largest city in the state. Bend's 2019 population was 91,385, a 72.47% increase since 2000. Deschutes County has higher net migration than any other Oregon county; the "internet age" and ability to work from home are key contributors, as the metro area is 5th in the U.S. for share of those who work from home at 11.5%.

Healthcare has a large employment base in Bend, with St. Charles Medical Center (3,361 employees) and Summit Medical Group (581 employees) comprising the majority of the industry. This helps to serve not only the established retiree population in Bend, but the influx of new residents, who are helping to diversify the economy.

The Bend-Redmond MSA has quickly become the third-largest metro area in the state for hemp production as a result of the 2018 Farm Bill and the region's abundant supply of inexpensive land. This has led to over 2,100 new manufacturing jobs being created over the past year and become a stabilizing force for a rapidly-growing population base.

Bend has been racing to meet the area's growing educational demands. Oregon State University's Cascades Campus, which opened the region's first four-year university in 2016, currently has 1,311 enrolled students and is growing to 3,000-5,000 students, while Central Oregon Community College (COCC) has been steadily increasing its capacity over the past decade and now serves over 4,000 full-time students at its Bend campus. COCC is Bend's fifth largest employer with 954 employees.

OREGON'S OUTDOOR MECCA | *"Year-Round Sunshine"*

Bend does have the state's highest average number of sunny days, with 158, plus an additional 105 days that are "mostly sunny." The high altitude of 3,600' in Oregon's high desert provides an enviable climate full of clean, crisp air and bright, starry skies that most residents would say can't be beat.

Outdoor enthusiasts are grateful that a few of those days aren't dry, which allows an average of 462" of snow to fall on Mt. Bachelor, Central Oregon's most popular ski resort and Bend's fourth largest employer, featuring 4,300 skiable acres and 101 runs.

The Deschutes River is a built-in outdoor activity for Bend residents, running north through the city, and is popular with fishermen (and women), lazy floaters, and brave white water rafters alike in the hot summer months. Countless additional outdoor activities attract the 4.5 million visitors who travel to Central Oregon annually, contributing \$875 million to the regional economy.

EXPANDING ACCESS FOR THE FUTURE | *Planes and Automobiles*

The Redmond Airport (RDM), located 15 miles northeast of downtown Bend, is Oregon's fourth busiest airport, serving 999,860 passengers in 2019. The airport was modernized in 2016 and now offers daily direct service to Portland, Seattle, San Francisco, Los Angeles, Denver, Salt Lake City, Las Vegas, and Phoenix via five airlines.

The Oregon Department of Transportation (ODOT) will begin work in 2021 to re-route portions of Highway 97 at the north end of Bend to improve traffic flow and reduce congestion as the population continues to grow. The City also has plans to expand Highway 20 southbound to meet future capacity demands.
